

Your Cross

[Verse 1]

A shadow fell where mercy rose
Upon a hill where love was sown
The weight of sin
The crown of thorns
Your arms stretched wide
My heart reborn

[Chorus]

At the cross
At the cross
Where my shame was left behind
You bore the nails
You bore the cost
Forgiveness flows
Love divine

[Verse 2]

The earth stood still
The veil was torn
The sky grew dark
The Savior worn
But in the silence
Hope took flight
A sacrifice
Eternal light

[Prechorus]

Oh the scars
They speak my name
Oh the wounds
They heal my blame

[Chorus]

At the cross
At the cross
Where my shame was left behind
You bore the nails
You bore the cost
Forgiveness flows
Love divine

[Bridge]

What can I bring
What can I say
To match the gift You gave that day
My heart is Yours
My life
My song
Forever Yours
